Profile

I'm a Full Stack Web Developer passionate about building clean, scalable, and high-performance web applications using modern technologies like React.js, Next.js, NestJS, and Express.js. I enjoy creating educational content to help others learn programming, solving real-world problems with code, and writing maintainable, efficient software.

Education

Computer Science Engineering
Al Azhar University

2020 - 2025
Gaza, Palestine

Professional Experience

Domino ICT
Full Stack Developer

09/2022 - 05/2023
Gaza, Palestine

Developed and maintained company projects using React.js, NestJS, Firebase, and integrated Jitsi video calls.

- **Vella**: Frontend for task and video conference management
- **Academitna**: Full stack educational platform with courses and video lessons.
- **Moalime**: Frontend for teacher registration and multi-currency support with Firebase integration.
